

LOCALLY GROWN

### Large Yellow Flesh Peaches

Yellow flesh peaches are the quintessential, "true" peach. They are famous for their sweet, tangy flavor profile, and golden colored flesh. Perfect by the slice, for peach pies, cobbler, smoothies, and summer salads.  
Dry pint.

## PERFECT PAIRINGS!

**Arnot-Roberts**

"The focus of Arnot-Roberts is to produce distinctive, site-driven wines that highlight the nature of the unique terroirs in which the grapes are grown. Single-vineyard wines are the core of the production as well as a few appellation bottlings that clearly speak of their individual upbringings. Some of the vineyards are old and dry-farmed, some are newer plantings but all are farmed and cared for by passionate and conscientious growers, which is paramount to the fundamental goal of Arnot-Roberts: producing the most honest and expressive wines possible."

**ARNOT-ROBERTS**  
**Sanford & Benedict  
Chardonnay**  
750 ml

From one of the most prestigious, original vineyards of the Santa Rita Hills where the Santa Ynez Valley opens up to the Pacific Ocean and the temperature drops in ways that make the viticulture look stubborn. The end result at the precise hands of Arnot-Roberts features their hallmark restraint with bright orchard fruit, wet stone, salted lemon, and a taut mineral spine that runs the length of a very long finish. I'd prefer it to Burgundy.

**ARNOT-ROBERTS**  
**Fox Creek  
Pinot Noir**  
750 ml

A remote ridge at 1100 feet above the Carmel Valley, granodiorite clay loam soils, organic farming, and the Pacific close enough to salt the air. Planted in 2006, Fox Creek has become one of the most compelling Pinot sites in Monterey County. It's the kind of place that produce's tiny, concentrated clusters with an intensity that belies the wine's elegance. Soaring aromatics, crystalline red fruit, and signature coastal salinity with a classic long, cool-climate finish.
